

EDITH ROGERS ROYALS

1991-92

I would like to thank the students and administration for all the support they've given student council throughout the year and wish them all the best for the upcoming year.

We began the year with "Welcome Week" which included Western Days, a barbecue, and a dance. We then had our annual magazine sale campaign during November which was again a great success.

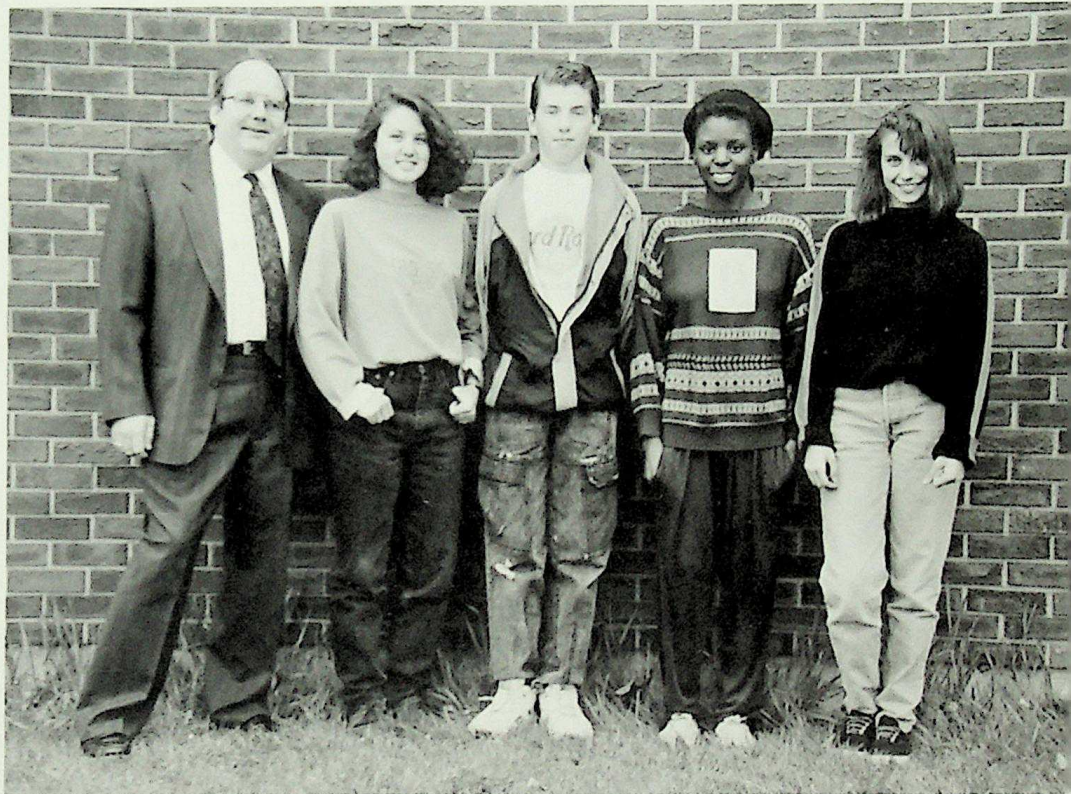

In April we tried a new event called "50's - 60's Week". Everyone enjoyed moving back in time and experiencing what happened then.

This year has been a great success for student council with the help of many people. I enjoyed it very much and wish next year's council the best of luck.

RED AND BLUE
SPIRIT DAY

The pages of this yearbook record the growth, vitality, achievements and good times that our students have accomplished over the past year.

The administration, teachers, support, and custodial staff have enjoyed watching and working with our students this last year. We have been with the students to the science ponds, Banff, Paris, the Mediterranean, and West Edmonton Mall - all to enhance our learning! We have also spent 187 days studying Math, Social Studies, Science, Computers, Ancient Civilization, etc. etc.!

Once again we present a year of memories as part of your junior high experiences. We have recorded the year nine classes together for the last time, and feature many pictures of dances and special events.

When looking at the yearbook, I am always struck by the tremendous growth in our students - both physically and personally. They have matured, experienced new challenges and, most importantly, made choices and learned by these choices.

Our year nines move on to high school with even more choices. The year eights move on from being "in the middle" and the year sevens are no longer "new".

Because I am also leaving Edith Rogers, I would like to say thank you to the staff, students, and parents for their wonderful support and vitality over the past year and a half. To all of you, good luck in your future endeavours. May the choices you make bring you peace and goodwill!

And remember one more time

DRAMA

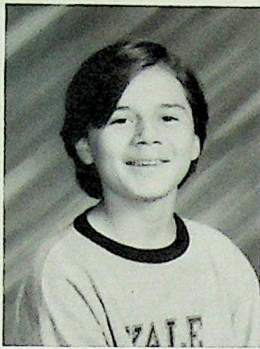

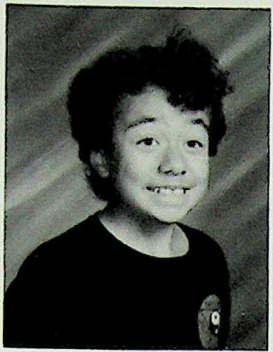

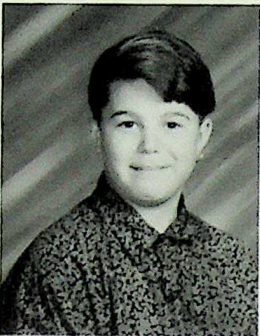

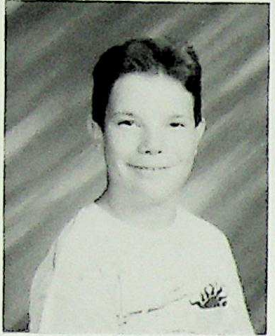

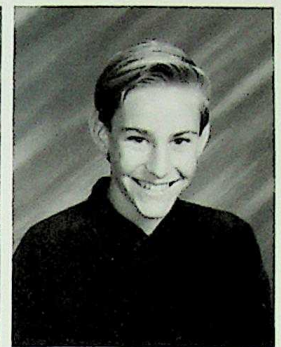

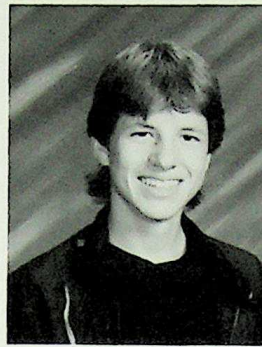

The eleventh annual Edith Rogers Christmas Lit. was held on the final morning before vacation. Dozens of students participated in a colorful panorama of song, dance, drama and bizarre humor. Hosting was our friend Garth (Michael Vale), who showed us how to survive and be happy in an E. R. time-out room.

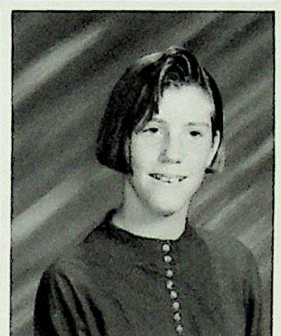

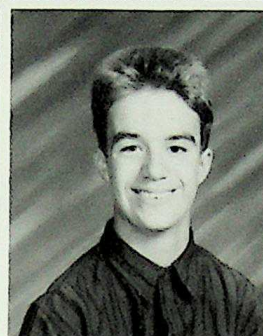

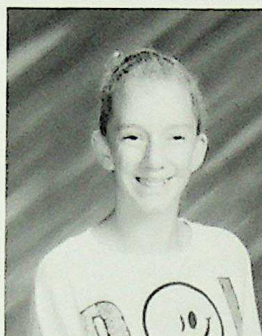

May 5, 6 and 7 saw the performance of our second - term major production, "Egad, the Woman in White", an astonishing and inspiring melodrama. The actors performed this sophisticated farce with incredible maturity, and managed to achieve a level of excellence rarely seen at the junior high level. Congratulations too, to a superb backstage crew. We couldn't have done it without you!

Ms. Bayko, Teachers, Parents, Guests, and Fellow Students :

As the year comes to a close, there is some reason to celebrate. Tonight is our grade nine graduation, a night we shall never forget, and a moment which we will hold in a very special place in our fond memories of Junior High. There are many times in three years that we have thought of this day. Now it has come and let us all enjoy tonight with pride and dignity.

When we first arrived at Edith Rogers, three years ago, we were shy and uncertain of our future. We had little knowledge or ideas of the things to come. We were entering a whole new world and the future events were not apparent. As time progressed, we were able to know the teachers, the school, and the students of the school. We found out which teachers would listen to our problems whenever we needed counselling and advice.

We , the graduates of 1992, have a great deal to be thankful for. First of all, we should acknowledge the teaching staff for their job well done this year. As well as learning from them, we had an opportunity to become friends and to share many of our feelings and memories that we have experienced. Remember Mr. Douglas telling his sick jokes, Mr. D. Butler with his fine French tunes and his gutair, Mr. Bishop with his trend-setting fashion statements, Ms. Bayko and her sense of humor, and even Mr. Simbalist with his "Herculean talks."

We should thank our parents for giving their encouragement and love through these three years at Edith Rogers. When we were about to give up either in schoolwork or sports, they would give us the motivation to try again. Their patience, love, and guidance has enabled us to last these three long years and achieve the success that we have gained today.

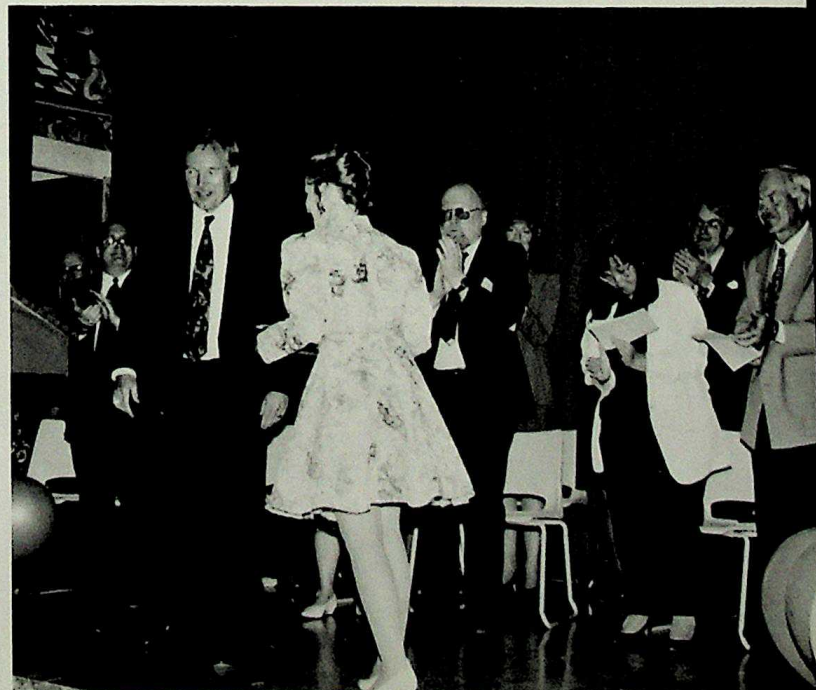

But now it is time to say Farewell, and put Junior High in our past. It is time to look forward to the new challenges that we face as we enter High School. We must enter this new world with confidence and maturity. We must have high expectations of ourselves and strive to do our best. Even though we are going our separate ways, wherever they may lead, each one will carry fond memories of Junior High. These three years have been a growing experience and we should feel privileged to have had them.

I would like to say that I wish each of you great success in your future.

Thank you and

GOOD LUCK.
